

CEBEC Project

10th Consortium Meeting

25th October, 2021

School of Civil Engineering and Architecture,
Mongolian University of Science and Technology

Outline of the presentation

- List of work accomplished by MUST team
 - Assistance to the report to EU
 - Meetings
 - Work Package 2 – Course Development
- Economy
 - Timesheet + Joint Declaration
 - VAT

Meetings

- Assisted in the EU report preparation by providing information requested from Lund University
- MUST arranged internal meetings biweekly to discuss about the progress of the project

Participants: NE, ML, ED, BS, GB

Work Package 2 – Courses to be updated

- Brief survey about the Heating Supply and Air Ventilation program was taken from the graduates → Results are analyzed
- Determined the exact outputs for each of the courses to be updated
- Had a meeting with some of the NGOs about arranging the Short term course for Engineers (They told that it will be possible to assist in arranging the courses once the curriculum and course materials are ready)
- Had online meeting with MATLAB representatives (discussed about the license purchase options)
- Started preparing lectures for the MATLAB course (Lecture 1 and Lecture 2)

Economy

- Timesheet and Joint Declaration for the next period?
- Byambaa Ser-Od contacted Mr.Byambaragchaa who is responsible for the VAT exemption → MUST submitted all the relevant documents → Mr.Byambaragchaa sent the documents to the Ministry of Finance after reviewing → Waiting for the results

THANK YOU
